# LASER/SMARTPHONE BRACKETS AND EYE PIECES

## Align the TruPulse's 7-Power Optics with Your Device's Camera

- Brackets not required to operate app, but are needed for proper scope/camera alignment
- Military spec iTelligent aluminum brackets secure a tight fit to the laser and your device
- A picture may be worth a thousand words, but it's priceless for defensible data collection

What you see  
is what you get.
