SAKO 85 BAVARIAN CARBINE has a series of actions which are designated: Short action (S) and Medium action (M). The ACTIONS continue to offer traditional SAKO features such as: action sizes matched to cartridges; mechanical ejection and integral tapered scope mount rail. Additionally there is a controlled feed on all models to ensure reliable cartridge feed to the chamber on all situations (Pat.pend.).

The MAGAZINE is detachable and it can also be loaded through the ejection port. Magazine release is prevented against accidental release (Pat. pend.).

The single-set TRIGGER pull is adjustable from 1 kg to 2 kg (2 to 4 lbs).

The SAFETY features a mechanism that allows loading and unloading of the rifle with safety engaged.

The CARBINE style, walnut STOCK is oilfinished. Strong, extended recoil lug screwed on the fore-end.

SAKO 85 CARBINE is available WITH OPEN SIGHTS without front sight hood with post bead adjustable for windage and elevation. Integral rails for the scope mounts are on the top of the receiver.

BARREL is cold hammer-forged.
